## Supporting our teachers of tomorrow

An innovative online teacher professional learning program has been released to enhance the skills and knowledge of practicing teachers to provide support to preservice teachers on professional experience placements.

Developed by the Australian Institute of Teaching and School Leadership (AITSL) in partnership with the New South Wales Institute of Teachers and the Queensland College of Teachers, the *Supervising Preservice Teachers* program delivers four high-quality, interactive online modules which have been mapped to the [Australian Professional Standards for Teachers](#).

The modules focus on partnerships, observation, feedback and evaluation.

The program is self-paced, self-directed and flexible, with opportunities for supervising teachers to collaborate with other educators from across Australia.

The *Supervising Preservice Teachers* program is free and available to all Australian educators.

For further information or to register for the program visit [www.learn.aitsl.edu.au/spt](http://www.learn.aitsl.edu.au/spt).
